

DEEJAY, RADIO PERSONALITY, SPEAKER

ABOUT MS CHU THE DEEJAY

Ms Chu is an International DJ, event host, motivational speaker and seminar leader. She is the founder of the Rock with Ms Chu Spin Series, a traveling instructional DJ workshop created specifically for aspiring female DJ's and female music enthusiast. Her calling is to SPIN, TRAIN and INSPIRE.

Ms. Chu began cultivating a love of music, dance and storytelling at an early age. With a diverse style and vast knowledge of music, Ms. Chu has quickly become one of New York's well-known and respected female DJ's. She's the choice for major brands and fashion events because of her elegant yet modern aura, versatility and energy. She continues to climb the ladder in one of the most challenging industries in the world, in route to becoming a household name.

Ms. Chu often sites her mother, an R&B singer of the late 60's / early 70's, as her earliest and most significant musical influence. The artists of that era Gladys Knight, The Temptations, Marvin Gaye, Smokey Robinson, Bobby Day, Elvis Pressley, Diana Ross and Stevie Wonder offered soulful music that inspires her most. Her love for music of all genres and eras fuels her ability to seamlessly blend elements of soul, R&B, pop, dance, hip-hop, rock and house.

A native New Yorker hailing from the borough of Queens; her edgy, city girl aura is perfectly balanced by her infectious enthusiasm for music. Ms. Chu is the go to person for good fun and great music. She considers herself a "mixologist" blending songs to create a unique sound that excites her listeners.

Her musical selection is soulful, the transitions are seamless and her musical catalog stems from Depeche Mode to Bobby Day and all genres in between. Ms. Chu is The Ultimate Chameleon – DJ, MBA, AKA and Entrepreneur all things changing, always grooving, lover of music and the LIFE OF THE PARTY!
